The Newest Release of SAP BO Business Intelligence: 4.2
Attend this free Lunch & Learn !

July 27, 2016, 12pm - 2pm

SAP BI 4.2 is the culmination of many capability improvements, new innovations and incremental product enhancements. This session will explore the many powerful and advanced features of the SAP BI Suite that allow organizations to simplify, enhance and extend reporting and analysis to all users.

We will provide a complete overview of the BI Suite but mainly focus on the new features and functions that enable better decision making across your organization.

This session is appropriate for customers looking for a powerful enterprise BI environment or those already using previous versions of the SAP BI/Business Objects products. Those attending in person will have the opportunity to have hands-on experience with BI Suite 4.2 and an extended Q&A session with product experts.

Highlights include:

- Lumira
- Design Studio
- WebIntelligence
- User Notifications

- Shared Elements
- Geo Maps
- Linked UNX Universes

Session Information:
12:00 - 2:00pm

In Person: Lunch will be provided. Hands-on experience with Business Intelligence 4.2 in our training lab, located in Waltham, MA. Seating is limited to the first 15 people that register.

Web: Details for conference call and web meeting will follow.
