Healthcare Intelligence... Patient Intelligence
Attend this free Lunch & Learn Session!

June 23, 2016, 12pm - 2pm

This session will highlight many aspects of analytics in healthcare, but will mainly focus on Patient Experience Reporting projects. See how we have helped organizations enhance the value gained by combining and enhancing survey data with internal and external data sources. Session will include demonstrations of Information Design Tool, Web Intelligence and Lumira.

Topics will include:

- Patient Experience Instruments and Surveys
- 3rd Party and Hosted Survey Solutions
- Direct Reporting and In-House Analysis Solutions

This session should be attended by any healthcare organization looking to improve the speed, accuracy and impact that improved business intelligence and analytics tools can provide. You do not need to be directly involved in HCAHPS programs or running any SAP software to benefit from the information being shared during this session.

Session Information:
12:00 - 2:00pm

In Person: Lunch will be provided. Hands-on experience with Web Intelligence 4.2 and Lumira 1.3 in our training lab, located in Waltham, MA. Seating is limited to the first 15 people that register.

Web: Details for conference call and web meeting will follow.
